

VETERANS' WEEK NOVEMBER 5-11, 2020

Quebec, November 2, 2020 - The Quebec Branch of the National Association of Federal Retirees (NAFR) is proud to mark *Veterans' Week* from November 5 to 11, 2020.

Although the situation will be different in 2020, supporting our Veterans remains an important event for all Canadians.

Veterans across the country deserve to be recognized for putting the safety and freedom of all Canadians before their own.

We all have a duty to ensure that the memory of our Veterans and the sacrifices they made continue!

It is important to take the time to reflect on the freedom and peace we enjoy as Canadians and to remember those who fought to protect and preserve them.

Our president René Grenier has a special word to our 1500 Branch members from the Armed Forces. *"The wellness of our veterans remains one of our priorities in our advocacy for them. They deserve our strong support after serving Canada at the risk of their lives. Their families should be treated fairly and get the care and benefits they deserve."*

Thanks to our volunteers!

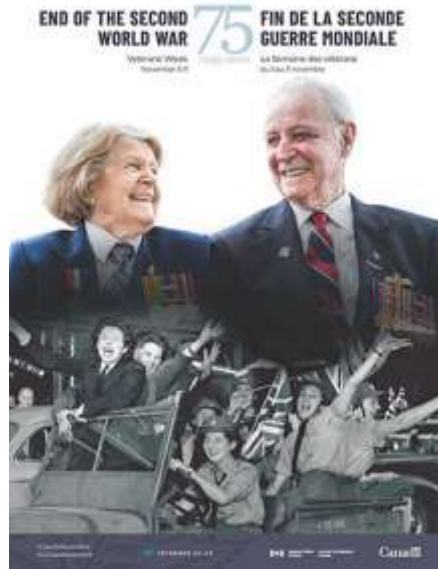

A special thank you to our veteran volunteers who invest in our Branch activities with dedication and share their experience and expertise with us.
